

 BEAVER 2005 MARQUIS®

ONE COACH AT A TIME.

YOURS.

 BEAVER 2005 MARQUIS®

In all this luxury, what's the first thing you see? Yourself.

You can't help it. As you look around the most refined motorcoach ever built, you immediately imagine yourself living the lifestyle it has to offer. Because it's a world where every detail is artfully crafted — with the time and attention we'd put into our very own homes.

If spaciousness is one of your first impressions, you're not being fooled. In fact, this year we've raised the coach's interior height to 81" — which is further enhanced by the

beautiful new tiered ceiling design. No doubt, you've also noticed the stunning woodwork, the result of our one-of-a-kind seven-layer process that's polished to

absolute perfection. The cabinets feature solid wood, raised panel doors with hidden hinges and adjustable, carpet-lined shelves.

Other highlights of the living area include decorative hardwood slide-out fascia, Corian® window sills and beautiful sculptured carpeting.

45' Jade shown in Copper Patina decor with Maple cabinets and Mappa Burl inlays.

1. The Marquis features this beautiful round wood table with 12" leaf, two freestanding chairs and two handy folding chairs. **2.** Here, the living area is shown in Copper Patina decor with Maple and Bird's-Eye Maple inlay woodwork. **3.** You'll love this optional 37" LCD TV that drops from the ceiling at the touch of a button. It makes the perfect companion to the exciting new home theater system with surround speakers. In addition, a new universal remote system allows you to manage all your entertainment features with ease.

The choice is yours.

Beaver coaches have always been known for giving you more ways to create a coach that's distinctively your own. This year, the Marquis is available in five color schemes with stunning fabric combinations, including the exquisite Birds of Paradise by Paloma

Picasso. In addition, you have your choice of a wide selection of innovative double, triple and quad slide-out floorplans, in lengths ranging from 40' to 45', with numerous furniture options to fit your lifestyle. Now, it's all up to you.

BETTER
STAIN
PROTECTION

Manufactured in, not added on. For added protection against stains, Dupont Teflon® soil repellent is applied to virtually all upholstery fabric during the finishing process for superior coverage.*

*Brand and application of upholstery fabric protection may vary depending on date recreational vehicle was manufactured.

This is how you know it's a Marquis.

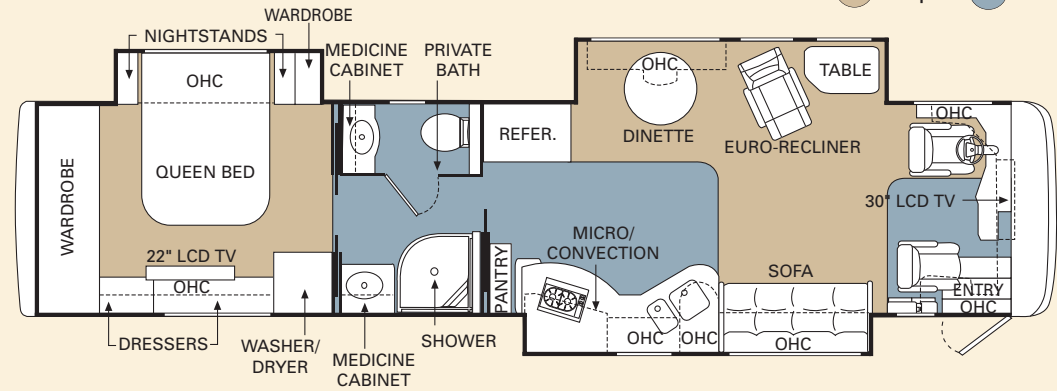

Our love affair with beautiful hardwoods from around the world continues to inspire the most stunning cabinetry you'll find anywhere. This year we're offering a selection of new styles, including gloss finishes in Cherry, Mahogany, and Maple, as well as cabinet door accents in Maple Burl, Mappa Burl, Makori and Bird's-Eye Maple.

High gloss Euro-finish with exotic wood inlays in all doors and drawers in living room and kitchen area.

* Towing capacity is limited by GCWR; your vehicle's towing capacity is the difference between the GCWR and the actual vehicle weight, including all water, fuel, passengers and cargo. Your towed vehicle should be equipped with auxiliary brakes if the weight of the towed vehicle exceeds 1,000 lbs. Consult your Owner's Manual for further towing information.

** Actual filled LP capacity is 80% of listing due to safety shut off required on tank.

All tank capacities are estimated based upon calculations provided by the tank manufacturers and represent approximate

capacities. The actual "usable capacity" may be greater or less than the estimated capacities based upon fabrication and installation of the tanks.

Due to the large variety of options and floorplan arrangements available to our customers, actual weights for each unit may differ. Beaver Motor Coaches provides a weight sticker on each unit we produce, which includes that unit's tank capacities and approximate weight. Consult your local Beaver Motor Coaches dealer for unit availability and further information. The information printed in this brochure reflects product design,

fabrication, and component parts at the date of printing. The manufacturer reserves the right, at any time, to make changes in product design, material or component specifications as its sole option, without notice. This includes the substitution of components of a different brand or trade name, which will result in comparable performance. All information printed in this brochure is subject to change after the date of printing. Some features shown or mentioned in this brochure are optional and may only be available in selected floorplans. Photographs may show props or decorations that are not standard equipment on

Beaver Motor Coach models. Beaver Motor Coaches, the Beaver logo and its design, are registered trademarks. All other products and company names are trademarks and/or registered trademarks of their respective holders.

The actual overall length of the recreational vehicle may differ from that indicated in the brochure due to variances in the manufacturing process and/or installed components. The actual length may be greater or less than that indicated.
